

MEET THE TEACHER

About Me

Hi, I'm **Alexandra Rydberg**, an experienced educator with a background in both preschool and elementary school teaching. I'm passionate about early childhood education, and I love creating supportive, hands-on learning environments where children can grow with confidence and curiosity. Outside of the classroom, I enjoy exploring new places, crafting, cooking, and cherishing family time. Teaching is more than a job for me—it's a calling, and I feel lucky to help shape young minds every day.
