

MEET THE TEACHER

About Me

My name is **Bailey Gleitz**, and this is my third year substituting at The Heights Child Development Center. I am married to Brian and we have four kids ages 3-9 who have all gone through, and one still attending, the CDC. I graduated from Texas Tech University and began working in public accounting. I left the public accounting world in 2021 to be a stay-at-home mom, and with a little extra time I have enjoyed helping in Preschool! When I'm not substituting you can usually find me volunteering at our elementary school or crafting for my Etsy shop.
