

# MEET THE TEACHER

## About Me

My name is **Carla Pinheiro**, and I was born in Fortaleza, Ceará – Brazil, where I lived until 2020, when I immigrated to the United States with my husband. In Brazil, I worked as a physical therapist for 25 years, building a career that I truly loved. After moving to the U.S., I had the opportunity to work for Frisco ISD as a substitute teacher, supporting students in early childhood and middle school. Today, I feel truly honored to be part of the Heights CDC team. I'm grateful for the opportunity to learn from everyone I will be working with, and it is my sincere hope that I can be a blessing in the lives of the people I serve and work alongside.
