

MEET THE TEACHER

About Me

Howdy y'all ! My name is **Rachel Stewart** and I am a infant teacher here at the Heights CDC. This will be my second year teaching and serving families at The Heights CDC. I am 27 years old, born and raised in Atlanta, but moved to Texas in summer of 2023. Coming from a huge family with 7 siblings, my love and passion for children grew. Throughout my life I have done childcare, babysitting and young early pre-school learning. I believe that children are gift from God and He calls us to help cultivate them into who He has designed them to be. It's a great privilege to assist in the learning development of the children here at the CDC. May God extend his grace and strength to us this year. Remember you rock!
