

MEET THE TEACHER

About Me

Hi! I'm **Allison Davis**, and I'm one of the 3yr old teachers at The Heights CDC. I am originally from Louisiana but have been in Dallas for 20 years. My husband Heath and I have four awesome kids ranging from Kindergarten to 8th grade. I taught 1st and 2nd grade after college but I really enjoy teaching preschoolers here at the CDC. I love having the opportunity to teach little ones about Jesus! I like to travel, especially to Montana and the beach. When I'm not in the car playing Uber or sitting on a court or a field, you can find me at a concert, volunteering at my kid's school, and attending church here at The Heights! I'm excited to make this a fun, creative, and happy place for my students to learn and grow this year.

My Favorites
