

MEET THE TEACHER

About Me

Hi there! My name is **Brenda Barillas**, and I'm an early childhood educator at The Heights CDC. I'm thrilled to take care of the infants in my classroom. With a passion for early education, I believe in helping young children build confidence, explore through play, and develop a lifelong love for learning. When I'm not in the classroom, you can find me in the kitchen, whipping up delicious meals to share with my friends and family. 🍏
